I. INTRODUCTION

1. I previously submitted an expert report dated July 14, 2015 (the "July 14th Report") in connection with the above-captioned proceeding. This supplemental expert report hereby incorporates by reference the opinions and information, including defined terms, contained in the July 14th Report.

2. My professional credentials, experience and qualifications are further described in the July 14th Report. In addition, a current version of my curriculum vitae, including my testimony history, is attached to this supplemental expert report as **Attachment A**.

II. SCOPE OF ASSIGNMENT

3. I understand from counsel that, in response to the Trustee's Motion for Order Affirming Treatment of Profit Withdrawal Transactions and the Memorandum of Law in Support filed on July 14, 2015 (the "Profit Withdrawal Motion"), claimants representing three Direct Accounts¹ and 53 Indirect Accounts² have elected to participate in the Profit Withdrawal Motion (referred to herein as the "56 Participating Accounts").

4. Exhibit 4 to the Supplemental Expert Report of Matthew B. Greenblatt dated December 17, 2015, entitled "Supplemental Analysis of the Profit Withdrawal Transactions," (the "Greenblatt Supplemental Report") lists the related Direct Accounts for each Indirect Account, including 84 Direct Accounts that are related to the 56 Participating Accounts (the "84 Related Direct Accounts").³ **Attachment B** to this supplemental expert report lists the 56 Participating Accounts and identifies the 84 Related Direct Accounts that are related to each.

5. For this supplemental expert report, I was specifically tasked with reviewing documents related to the 56 Participating Accounts and incorporating this review into my

¹ Direct Accounts are defined in the Profit Withdrawal Motion as "accounts for which customer statements reflect Profit Withdrawal Transactions."

² Indirect Accounts are defined in the Profit Withdrawal Motion as "accounts that received inter-account transfers from Direct Accounts."

³ The 84 Related Direct Accounts include the three Direct Accounts that are participating in the Profit Withdrawal Motion.

reconciliation analysis, as further described in the July 14th Report. In addition, I was tasked with presenting the results of my reconciliation and tracing analyses, as further described in the July 14th Report, for just the 84 Related Direct Accounts.

6. This supplemental expert report has been prepared in connection with the above-captioned proceeding and is to be used only for the specific purposes of this proceeding. It is not to be used for any other purpose without the express written consent of FTI. If called upon to testify in this matter, I intend to provide testimony regarding my analyses and conclusions consistent with the July 14th Report and this supplemental expert report.

III. METHODOLOGY

7. For this supplemental expert report, I reviewed and analyzed documents related to the 56 Participating Accounts, including documents contained in the BLMIS customer files related to the 56 Participating Accounts, as well as documents received by the Trustee related to the 56 Participating Accounts. Based on my review and analysis of these materials, I identified the PW Transactions that reconciled to these documents.

8. Next, to present the results of my reconciliation and tracing analysis for just the 84 Related Direct Accounts, I created 84 separate schedules showing the PW Transactions in the 84 Related Direct Accounts and the results of my reconciliation and tracing analyses of these transactions from Exhibits 7 and 10 attached to the July 14th Report. In addition, I incorporated into these 84 separate schedules the results of my reconciliation analysis based on the additional document review described above.

9. The documents and data that I have considered in connection with this supplemental expert report are listed in **Attachment C**. I reserve the right to further modify or supplement my report based on any additional documents or information received.

IV. FINDINGS

10. Based on my review and analysis of documents related to the 56 Participating Accounts, I reconciled an additional 12 PW Transactions to documents contained in the BLMIS customer files related to the 56 Participating Accounts, as well as documents received by the Trustee related to the 56 Participating Accounts. There were no changes to my tracing analysis as a result of this additional document review.

11. I have now reconciled 51,770 (more than 50%) of the 91,132 PW Transactions⁴ to available BLMIS bank records, correspondence and other documentation included in BLMIS customer files, and/or documents received by the Trustee from BLMIS account holders or other parties related to BLMIS customer accounts containing PW Transactions. See the July 14th Report for further details regarding my reconciliation analysis.

12. **Attachments D.1 - D.84** include the results of my reconciliation and tracing analysis for just the 84 Related Direct Accounts.

⁴ The total population of PW Transactions is now 91,132 (vs. 91,138 included in the July 14th Report). Transactions with CMIDs 157765, 432843, 475787, 475792, 522314 and 571086 were removed from the total population of PW Transactions. See Section IV of the Greenblatt Supplemental Report for further discussion regarding the change to the total population of PW Transactions. In addition, since the July 14th Report, there were updates to the transaction date, amount, type and/or description for 96 PW Transactions, as shown on **Attachment E**. These updates had no impact on my reconciliation or tracing analyses.

V. SIGNATURE AND RIGHT TO MODIFY

13. This report and the exhibits contained herein present my findings and the bases thereof. To the extent that any additional information is produced by any party, I reserve the right to incorporate such additional information into my report or to modify my report as necessary.
